

Local Time Capsule – Introductory Primary Source Analysis

Observation What type of primary source have you chosen? Describe exactly what you see using visual, symbolic, and/or written clues.	Knowledge What do you already know about the situation, time period, and people or objects that appear? How do you connect to the primary source?	Interpretation What do you conclude from what you see? How might the primary source connect to our local area?
Further Research: What questions has the primary source raised? What are some sources you can use to find answers?
